

Faculty Senate Resolution – Compressed Calendar

Whereas there is significant interest among the faculty of Cañada in exploring the option of implementing changes to the academic calendar to provide increased flexibility and potentially shorter semesters and intersession offerings; and

Whereas there is a need to research impact on student outcomes, instruction, scheduling, and student services at a district level;

Be it resolved that Cañada supports Skyline's and CSM's resolutions to research a compressed calendar at the district level with local participation from each college and interest group.
