

## **Faculty Senate Resolution – Compressed Calendar**

Whereas there is significant interest among the faculty of CSM in exploring the option of implementing changes to the academic calendar to provide increased flexibility and potentially shorter semesters and intersession offerings; and

Whereas there is a need to research impact on student outcomes, instruction, scheduling, and student services at a district level;

Be it resolved that CSM calls upon Skyline and Canada to adopt similar resolutions to research a compressed calendar at the district level with local participation from each college and interest group.
