1. Review New Proposals
 - a. Concerns were raised about the lack of holistic representation of classified staff members present. Also, the possibility of bias was a concern brought up.
 - i. Currently we have a process in place to make these decisions (PBC meetings). Does this special meeting undermine the PBC process?
 - b. We recommend that the College President make the decision of which positions to move forward in the best interests of the College and in alignment with the current process.
 - c. The decision request challenges Classified Senate's Statement of Ethics, "We strive for transparency and aim to avoid conflicts of interest or the appearance thereof."
 - d. Classified staff support all of the proposed positions.
2. The opportunity to be considered in the decision making process is appreciated by classified employees present. We would like to discuss implications of our input in this process for the future amongst the classified senate and its constituents.
