Program Review
Spring 2022*

HOW DOES COOP CONTRIBUTE TO THE COLLEGE'S MISSION?

Cañada College provides our community with a learning-centered environment, ensuring that all students have equitable opportunities to achieve their transfer, career education, and lifelong learning educational goals. The College cultivates in its students the ability to think critically and creatively, communicate effectively, reason quantitatively, and understand and appreciate different points of view within a diverse community.

- Coop Ed allows all students of all diverse backgrounds to learn to set goals and objectives and learn from accomplishing these goals and gives them the opportunity to advance their networking and team building skills in a diverse workplace.

COMMUNITY AND LABOR NEEDS

- Coop Ed consists of courses that are components of many programs at the College. Those specific programs track the community and labor needs.

COOPERATIVE EDUCATION COURSES

- Coop 670 is occupational coop and is for students who are working or volunteering at a worksite and wish to bridge what they learn at work with what they learn in the classroom.

ENROLLMENT TRENDS

- Enrollment trends are way down due to the Covid pandemic. Many students lost their jobs when the pandemic hit in the Spring of 2020.

STUDENT EQUITY AND EQUITY GAPS

- The student equity gaps follow that of the College as a whole.

STUDENT LEARNING OBJECTIVES\PROGRAM LEARNING OBJECTIVES

- Faculty goes over the SLOs yearly and inputs the data into Tracdat. The SLOs are reviewed and have high outcomes.
- The course SLOs are the same as the program PLOs since the Coop program does not graduate students. Coop Ed is a component of many other programs.

PROGRAM PLANNING AND GOALS

- Long term faculty member planning to retire at the end of the Spring 2022 semester so there will be a revamp of the whole program in the near future.
