Final Questions

How would your program be impacted if this position is not funded? *

Department has no full time instructors. Without funding there would be no liaison between Department and instructors, no one for scheduling, assessments, faculty recruitment, updating state standards in Curriconet, Program Review, computer literacy for prerequisites, advisory meetings, or to participate in college-community relations activities.

Anything else you would like us to know? For example, awards, recognition from the community, student highlights, etc.

I am continuing to work to increase enrollment and look for new ways to revitalize our CBOT program

Comment or Explanation:

The CBOT department doesn't have any full-time positions and Janice has been paid overload via Perkins for the past few years. Perkins is not appropriate to use for ongoing need, only piloting projects. Janice fulfills a vital role for the department and the college. Having time for an adjunct coordinator is significantly cheaper than having a FT faculty for same and Janice has been doing a great job. Please support this position.
