## Final Questions

How would your program be impacted if this position is not funded? \*

If this position were not funded it would disrupt the ASLT division and the English department's hard work at recruiting, training, and supporting peer tutors and instructional aides in developing a robust support system for students with writing assignments (the overwhelming majority of students). If this position were not funded, there would be a breakdown in communication between the faculty and the support services offered by the Learning Center as this position serves as a liaison between the two. Ultimately, it would be detrimental to the progress of the Writing Center which has grown significantly in its offerings to students through a full schedule of available peer tutors, resources on Canvas, and workshops offered throughout the semester.

Anything else you would like us to know? For example, awards, recognition from the community, student highlights, etc.

The Writing Center is growing in its presence and community-building environment for Cañada's student body. Our workshops are well attended and students who visit the Writing Center report positive experiences working with our writing coaches. We would greatly appreciate being able to continue to foster the development of this critical campus resource.
