Student Ambassador Highlight

Yanina Jimenez

Major: Business

What do you like about being a Cañada Student Ambassador?:

I like helping students and learning about resources that our college offers. This experience is great because I get to know more students from different places. It makes me happy to help students and even their families when they are on campus. They know someone is here to help them and make them feel welcome and like they belong here.

Why did you choose Cañada College?

The college staff made me feel like I am a human being, not just a number. They listen to me and motivate me in my professional goals and are there for me emotionally on hard days.

What are your favorite Hobbies?

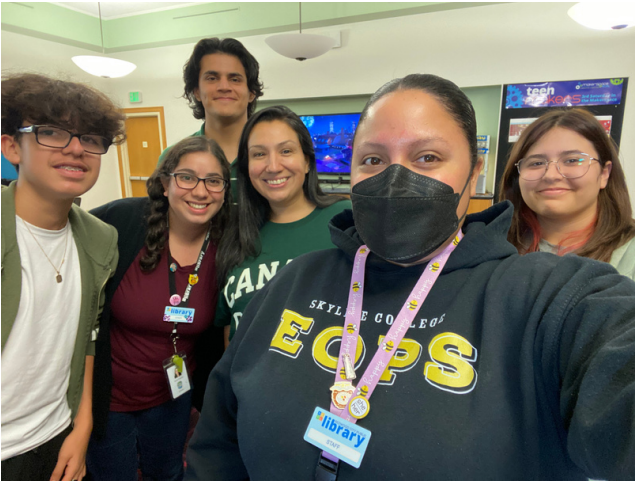

I really like to dance salsa, merengue, cumbia and more! Sometimes I go to zumba classes at Cañada and they are fun. I really enjoy those moments.
