 Building 8-119

Members: Denise Hum (Math), Yolanda Valenzuela (ENGL), David Clay (ENGL), Kim Huynh (ENGL), Jeanne Stalker, Tracy Huang, Kim Lopez, Janet Stringer, David Johnson, Chialin Hsieh

AGENDA ITEM	FACILITATOR	TIME
1. Introduction/Expectation of the Project	Chialin/Tracy	5 min
Group members introduced themselves. Three new members: David Clay, Yolanda Valenzuela, and Kim Huynh.		
2. Team's Role and Responsibilities	Chialin	5 min
One of the team's responsibilities is to report the progress of the pilot back to their constituencies and receive feedback and bring back to this group.		
3. Example—Sierra College <a href="http://www.sierracollege.edu/admissions/assessment/appointment.php">http://www.sierracollege.edu/admissions/assessment/appointment.php</a>	Kim	5 min
Kim showed how Sierra College organized their multiple measure project using transcripts—decision trees. Our ITS and Jose Garcia are looking into how we can do the similar thing via the web.		
4. Data Analyses (3 data packets—Math and English)	Tracy	50 min
Tracy shared English data packet. The aha moment from the group was that: (a) the majority of our students in this database waited for 4-5 years after they graduated from high school before they entered Cañada and took their first math and/or English; (b) most of the students who came to us have high school GPA of C or lower;		
5. Next step	Chialin	5 min
We will continue studying data for advanced analyses in math and English.
